WORK EXPERIENCE

Python Developer Intern | KITES SOFTWARES PVT. LTD. | Kochi, Kerala | December 2022 - January 2023

- Implemented 7 alumni feature areas: registration, profiles, password updates, job records, posts, events, and photo galleries.
- Designed 3 administrative controls for user records, college profiles, and event updates.

PROJECTS

Document RAG | Next.js, React.js, Tailwind CSS v4, Supabase PostgreSQL vector search, Google Gemini API | 2026

<https://chat-with-pdf-gray.vercel.app/>

- Engineered document upload and indexing workflows for grounded AI answers with source citations.
- Built a Next.js App Router application with serverless API routes and a React/Tailwind CSS v4 interface.
- Developed semantic search using 768-dimensional Gemini embeddings in Supabase; ranked results by cosine distance.
- Integrated Gemini Vision OCR across 4 input types (scanned PDFs, images, tables, handwriting); extracted digital PDFs with unpdf.

E-Commerce Website | MongoDB, Express.js, React.js, Node.js | 2026

<https://github.com/Basiibnumoideen/E-commerce>

- Created a React storefront with Node.js/Express REST APIs covering all 4 product-catalog CRUD operations.
- Designed MongoDB/Mongoose product schemas and responsive mobile/desktop browsing.

Alumni Management System | Python, Django | 2023

<https://github.com/Basiibnumoideen/alumini-project>

- Delivered a community platform for alumni profiles, job updates, posts, events, galleries, and admin moderation.

Club Management System | Flutter, Python Web Backend, Database

- Developed a Flutter/Python platform for club, member, activity, and announcement management.
